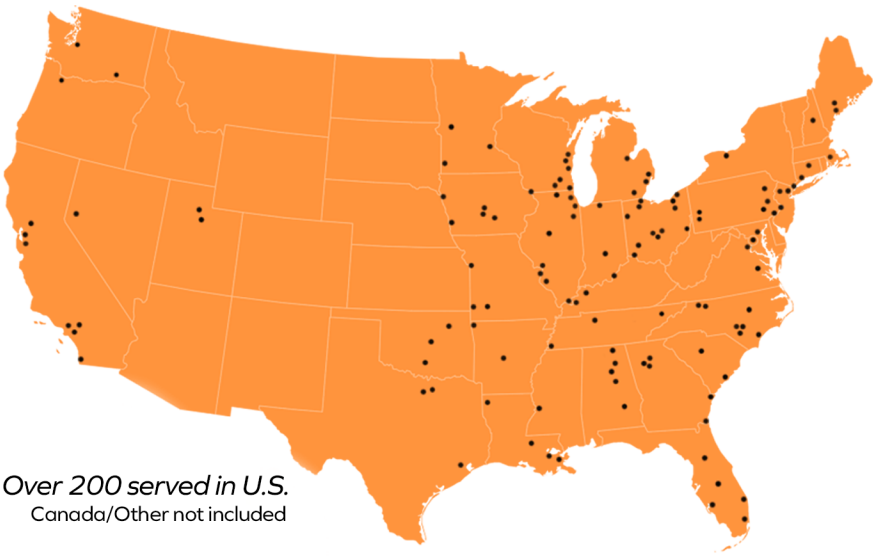
PIGGING SOLUTIONS™ AT A GLANCE



Over 200 served in U.S.
Canada/Other not included

Since 2010

Our devoted staff have supplied 200+ U.S. clients.

>99%
Product reclaimed through pigging!

If it goes through a pipeline, we pig it!

An Industry Leader

In both technology and experience. We provide a single source for clients to obtain pigging systems that meet their custom application needs by supplying components as well as installation, startup, and operation services.

CORE VALUES

- *Customize*
- *Supply*
- *Recover*

Pigging Solutions actively works on-site with clients to achieve the maximum pigging benefits.

What you get with Pigging Solutions

- **Assess.**
  We work with each client to understand their individual application needs.
- **Design.**
  We create custom, application specific pigging solutions accompanied by a system layout.
- **Supply.**
  We arm our clients with functional solutions then work to supply and serve as needed.

Creative staff and trademark technology designs the system that works for you!
